Malang, Jawa Timur, Indonesia 65216 | Fullstack Web Developer | Creative Technologist

Web Developer & Creative Technologist with expertise in fullstack development and design. Passionate about building interactive, user-centered digital experiences that combine modern technology with creative innovation.

## Work Experiences

**PT AMERTA ASA MEDIA - Pasuruan, Indonesia**

Jul 2024 - Dec 2024

*Internship*

PT. Amerta Asa Media is a company engaged in the field of internet service provider, prioritizing user comfort in using the internet.

- Developed a fullstack web application for technician coordination and documentation using Express.js (backend) and Vue.js (frontend), improving task assignment efficiency and progress tracking by 30%.
- Implemented a photo-upload feature that enabled field technicians to submit visual evidence, reducing manual reporting errors by 40%.
- Designed and delivered over 20+ digital assets (posters, brochures, banners, and promotional materials) for online and print media, contributing to a 15% increase in brand engagement during the campaign period.

## Education Level

**State Vocational High School 1 Purwosari - Pasuruan, Indonesia**

Jul 2022 - May 2025

*High School Diploma in Software Engineer, 92.33/100.00*

- Completed a Fullstack Web Application (UKK Project): Delivered a deployment-ready system showcasing frontend–backend integration and practical implementation skills.
- Industrial Internship (Prakerin) – PT. Amerta Asa Media: Applied team workflows and production coding standards to build real-world applications for client requirements.
- National-Level Competency Test (Uji Kompetensi Keahlian): Developed a fullstack system using modern frameworks, demonstrating technical competence in high-stakes evaluation.
- Creative Media Support for BKK: Designed and delivered 15+ digital assets (posters, flyers, banners) to support BKK and school events, improving communication and outreach to students.
- Peer Tutoring: Assisted classmates in understanding programming tasks and project work, helping peers increase comprehension by approximately 30%.

## Organization Experience

**Student Council**

Sep 2022 - Sep 2024

*Member, ICT Division (Information & Communication Technology)*

The official student council responsible for leadership development, event coordination, and school-wide communication.

- Managed Instagram & TikTok accounts with 1,000+ student followers, boosting engagement through student-relevant content.
- Designed and published 20+ visual campaigns (event posters, national day designs, info posts) optimized for mobile and social sharing.
- Produced TikTok/Reels videos promoting school events, reaching 40%+ of student body.
- Collaborated with faculty to align messaging and ensure timely publication.

**Youth Organization (Karang Taruna)**

Jun 2025 - Present

*Head of Creative Media Division*

A community-based youth group supporting local social activities and creative initiatives.

- Designed posters, flyers, and digital content that promoted events and youth activities, reaching 80% of local residents.
- Produced and distributed 1,000 event coupons, achieving 70% sales rate and boosting community participation.
- Supported communication efforts by creating clear, engaging media materials for neighborhood programs.
- Mentored younger members on basic design tools and media production, improving creative capacity in the team.
